

## Terms of Reference

# Infection Prevention and Control Advisory Group

### 1. Purpose

The purpose of the Infection Prevention and Control Advisory Group (IPCAG) is to provide contemporary, evidence-informed advice addressing IPC risks relevant to the provision of healthcare to enable the development and application of consistent IPC policies, procedures and guidance across the Western Australia (WA) health system with the aim to improve patient outcomes, ensure quality of care and prevent harm to patients and health workers.

### 2. Accountability

Recommendations made by the IPCAG will be reported through the Healthcare Infection Council of WA (HICWA) Executive Committee to the Assistant Director General Public and Aboriginal Health.

### 3. Roles and Responsibilities

To advise the WA health system on IPC issues including, but not limited to

- Providing expert clinical advice addressing IPC risks and issues relevant to healthcare in the WA
- Development of evidence-informed advice that promotes a consistent and integrated approach to IPC issues across the health system in WA
- Facilitate the development of IPC guidance material in relation to disease specific IPC guidelines including hospital and community acquired infections
- Ensure communication of agreed guidance and recommendations through organisational structures and relevant clinical networks.
- Foster the development of inter-disciplinary clinical expertise across the WA health system in IPC and an integrated approach across health care providers and the community.
- Provision of advice regarding product selection of Personal Protective Equipment (PPE) and strategies to enhance respiratory protection for healthcare workers
- Engagement with key stakeholder groups including local and regional IPC teams as well as other specialised clinical groups.
- To refer any concerns on multi-resistant organism to the WA Multi-resistant Organism (WAMRO) Expert Advisory Group
- Support consistent and coordinated IPC activities for Public Health, State Health Incident Coordination Centre (when operational) and Health Service Providers. services).

## 4. Meeting Frequency and Modality

The IPCAG will meet monthly, with regular review of frequency of meetings by the members and at the discretion of the Chair. Extra-ordinary meetings can be called by the Chairperson.

Meetings will occur via Microsoft Teams or face to face meetings.

## 5. Notice of Meeting

The IPCAG will be forwarded an agenda and associated papers at least five working days prior to the meeting.

## 6. Quorum

A quorum will consist of the Chairperson, or Deputy Chair and at least 50% of the membership.

## 7. Code of Conduct

### 7.1 Code of ethics

The IPCAG will observe and comply with the WA Public Sector Code of Ethics. A copy of this document can be accessed at the public sector [website](#).

### 7.2 Conflict of interest

Each IPCAG member must declare any duality of interest in matters of concern to the IPCAG including

- verbally declare any potential conflicts of interest (COI) at the commencement of each meeting on matters described on the Agenda
- alert the Chairperson of any potential COI that may arise during a meeting.

### 7.3 Decision Making

In making recommendations to the IPPSU, the WAMRO or HICWA, the IPCAG will aim for a consensus view. Overall decision approval resides with the Chair.

## 8. Secretariat

Secretarial support will be provided by the Infection Prevention Policy Surveillance Unit and the SHICC Health Operations team (when operational), including responsibility for collation and circulation of the agenda, related papers and record of meeting. The Chair and the Secretariat will be responsible to promulgate information to the WA health system through established communication networks.

## 9. Chairperson

The Chair and Deputy Chair will be nominated from the membership group.

## 10. Membership
