

Western Australian Coding Rule

1017/04 Triplegic spastic cerebral palsy

Q.

What code should be assigned for triplegic spastic cerebral palsy?

A.

There is no Index pathway for 'triplegic' spastic cerebral palsy in ICD-10-AM.

For triplegic spastic cerebral palsy, assign G80.09 ***Other spastic cerebral palsy***, following the Index pathway:

Palsy

- **cerebral**

- - **spastic**

- - - specified NEC G80.09

A public submission has been sent to the ACCD for possible inclusion of an Index entry for triplegic spastic cerebral palsy in a future edition of ICD-10-AM.

DECISION

Assign G80.09 *Other spastic cerebral palsy* for triplegic spastic cerebral palsy

[Effective 11 October 2017, ICD-10-AM/ACHI/ACS 10th Ed.]
