

Tips for having visitors safely in the home

**If you feel unwell,
don't visit others
or have visitors
in your home**

**Encourage
hand hygiene
when visitors
enter the home**

**Maintain
1.5 metres
distance
if possible**

**Don't share
cups or
utensils**

**Open windows
to provide
natural
ventilation**

**Don't serve
finger foods**

**COVID-19 may spread when people are in a crowded indoor space.
Some people with COVID-19 will not display symptoms.**
